For Immediate Release:

Dec. 20, 2017

Third Street storm sewer improvements to begin early January

Construction is scheduled to begin on or after Jan. 2, 2018 on the Third Street storm sewer improvements project. Calumet Civil Contractors, Inc. will be replacing aging and undersized storm sewers on Third Street between Oak Street and Walnut Street. Additionally, storm sewers will be replaced on Cedar Street between Second Street and Third Street and on Second Street just north and south of Cedar Street.

The project is expected to be completed in the spring but the pace of construction will be weather dependent. Area roads will remain open during construction though some temporary closures and traffic limitations are expected throughout the project.

Questions or concerns should be directed to Calumet Civil Contractors, Inc. at 317-769-1900 or to the Zionsville Street and Stormwater Department at 317-873-4544 or by email at stormwater@zionsville-in.gov.
