Jan. 11, 2018

### Fourth Street storm sewer improvements - phase II

Construction is scheduled to begin on or after Jan. 15 on the Fourth Street storm sewer improvements – phase II project. Crider & Crider, Inc. will be replacing aging and undersized storm sewers along the Fourth Street corridor between Hawthorne Street and Pine Street.

The project is expected to be completed in the spring but the pace of construction will be influenced by winter weather conditions. Area roads will remain open during construction though some temporary closures and traffic limitations are expected throughout the project.

Questions or concerns should be directed to Crider and Crider, Inc. at 317-334-0758 or to the Zionsville Street and Stormwater Department at 317-873-4544 or by email at [stormwater@zionsville-in.gov](mailto:stormwater@zionsville-in.gov).
