Area Familiarization with Santa Driver Training

Message from the Zionsville Fire Department:

Your Zionsville Fire Department has just received confirmation from the North Pole that Santa Claus is coming to the Town of Zionsville! That's right, Santa has agreed to bring the magic of the holidays to our neighborhoods while riding atop the fire engine during the annual Driver Familiarization Training.

Nightly routes will start on December 12 and go through Christmas Eve. All routes start at 6:30 p.m. and end no later than 9 p.m. As Santa approaches your area you may see a lot of emergency lights and hear your favorite holiday music in your neighborhood. It's just jolly ol' St. Nick!

Busy little elves will be updating route schedules, sharing pictures and relaying other important information on the [Zionsville Fire Department Facebook page](#).

Unfortunately, Santa won't be able to make it down every street, but we will attempt to cover as many as time permits. New this year, in many of our neighborhoods we will have designated areas where you and your family can safely gather to spend a little time with Kris Kringle himself. PLEASE NOTE: Emergency runs are the first priority and nightly routes and times are subject to change as a result. We appreciate your understanding and in the event of a cancellation. We will make our best attempt to cover those neighborhoods on another date.

We are excited to be able to take part in such an honor. Be sure to turn on your porch lights and keep watch out your windows. Listen as the holiday music fills the air on the night Santa is scheduled for your neighborhood. Make sure little ones stay a safe distance from Santa's engine. If you have questions regarding the tour route, times or other concerns, please message us through the [Zionsville Fire Department Facebook page](#).

The members of your Zionsville Fire Department and Support Services wish you a very happy holiday season!
