Zionsville Golf Course raises rates

At the most recent meeting, the Zionsville Park Board approved raising Zionsville Golf Course rates effective for the 2020 season. Prior to approving the rate increase, the Park Board compiled data from 65 courses around the state.

Cart fees have increased by \$1 during both weekday and weekend play.

During the weekday, there is no increase in cost for green fees.

During weekend and holiday play, green fees without a cart will increase \$4.

The cost of a junior season pass has been reduced to \$200.

This minimal increase helps offset ongoing Zionsville Golf Course capital and operational needs.
