Trick-or-treating in Zionsville

The Town of Zionsville will not be posting official trick-or-treat hours this year.

Due to the pandemic and the public health implications of trick-or-treating, the Town of Zionsville is referring people to the [Boone County Health Department](#)'s recommendations to observe CDC's guidelines. The CDC has labeled traditional trick-or-treating (where treats are handed to children who go door to door) as a higher risk activity. The CDC recommends one-way trick-or-treating as a moderate risk activity which includes individually wrapped goodie bags lined up outside (end of the driveway or edge of the yard) for families to grab and go while continuing to social distance (washing hands with soap and water for at least 20 seconds before and after preparing bags).

The CDC lists a number of moderate and lower risk Halloween activities on their website here: <https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/holidays.html#halloween>.

If you would like to contact the Boone County Health Department, contact information is posted here: <https://boonecounty.in.gov/Offices/health-department>.
