### **Zionsville Parks Department launches new program registration website**

The Zionsville Parks and Recreation Department is excited to announce the launch of its new registration website in partnership with MyRec. The MyRec website is a one-stop digital platform where users can register for programs and summer camps, reserve a shelter and garden plot, purchase a membership to the Heritage Trail Dog Park, find volunteer opportunities, explore local parks and more.

The new system provides a more informative registration process for residents, while also allowing staff to interact and engage with the public more efficiently. As part of the conversion, residents will be required to create a new profile within the MyRec system.

“Zionsville Parks and Recreation's services have grown with a robust program lineup, dog park, shelter rentals, scout and school programming and more,” said Director of Recreation Services Mindy Murdock. “With MyRec, we will be able to better assist our department as well as the community.”

Users can create an account and start registering for programs by visiting [zionsvillein.myrec.com](http://zionsvillein.myrec.com). For questions or more information, email [recreation@zionsville-in.gov](mailto:recreation@zionsville-in.gov).
